**Up to Units (each Unit contains One Share of Common Stock and One

One Share of Common Stock and One Common Warrant to Purchase One Share of Common Stock)**

Shares of Common Stock Underlying the Pre-funded Warrants and

Shares of Common Stock Underlying the Common Warrants

We are offering up to units, each unit consisting of one share of our common stock and one common warrant to purchase one share of our common stock (together with the shares of common stock underlying such common warrants). Each common warrant contained in a unit will have an exercise price per share equal to \$ per share. The common warrants contained in the units will be exercisable immediately and will expire on the five year anniversary of the original issuance date. We are also offering the shares of our common stock that are issuable from time to time upon exercise of the common warrants contained in the units.

We are also offering the opportunity to purchase, if the purchaser so chooses, up to pre-funded units to purchasers whose purchase of units in this offering would otherwise result in the purchaser, together with its affiliates and certain related parties, beneficially owning more than 4.99% of our outstanding common stock immediately following the consummation of this offering (each pre-funded unit consisting of one pre-funded warrant to purchase one share of our common stock and one common warrant to purchase one share of our common stock) in lieu of units that would otherwise result in a purchaser's beneficial ownership exceeding 4.99% of our outstanding common stock (or at the election of the purchaser, 9.99%). Each pre-funded warrant contained in a pre-funded unit will be exercisable for one share of our common stock. The purchase price of each pre-funded unit is equal to the price per unit being sold to the public in this offering, minus \$0.01, and the exercise price of each pre-funded warrant included in the pre-funded unit is \$0.01 per share. The pre-funded warrants expire when exercised in full. This offering also relates to the shares of common stock issuable upon exercise of any pre-funded warrants contained in the pre-funded units sold in this offering.

For each pre-funded unit we sell, the number of units we are offering will be decreased on a one-for-one basis. Because we will issue a common warrant as part of each unit or pre-funded unit, the number of common warrants sold in this offering will not change as a result of a change in the mix of the units and pre-funded units sold. Each common warrant contained in a pre-funded unit will have an exercise price per share equal to \$ per share. The common warrants contained in the pre-funded units will be exercisable immediately and will expire on the five year anniversary of the original issuance date. We are also offering the shares of our common stock that are issuable from time to time upon exercise of the common warrants contained in the pre-funded units.

The units and the pre-funded units will not be issued or certificated. The shares of common stock or pre-funded warrants, as the case may be, and the common warrants can only be purchased together in this offering but the securities contained in the units or pre-funded units will be issued separately.

Our common stock is listed on the Nasdaq Capital Market under the symbol "LMFA". We have assumed a public offering price of \$ per unit, which is the last reported sale price for our common stock as reported on the Nasdaq Capital Market on , 2020, and \$ per pre-funded unit. The public offering price per unit or pre-funded unit, as the case may be, will be determined between us and the underwriter based on market conditions at the time of pricing, and may be at a discount to the current market price of our common stock. There is no established public trading market for the common warrants or the pre-funded warrants, and we do not expect a market to develop. In addition, we do not intend to apply for listing of the common warrants or the pre-funded warrants on any national securities exchange or other trading market. Without an active trading market, the liquidity of the warrants will be limited.

Overview

During fiscal year 2019, we engaged in the following two business:

- a specialty finance company that provides funding to nonprofit community associations primarily located in the state of Florida. We offer incorporated nonprofit community associations, which we refer to as "Associations," a variety of financial products customized to each Association's financial needs. Our original product offering consists of providing funding to Associations by purchasing their rights under delinquent accounts that are selected by the Associations arising from unpaid Association assessments. Historically, we provided funding against such delinquent accounts, which we refer to as "Accounts," in exchange for a portion of the proceeds collected by the Associations from the account debtors on the Accounts. We have started purchasing Accounts on varying terms tailored to suit each Association's financial needs, including under our New Neighbor Guaranty™ program.
- a specialty health insurance brokerage through our former subsidiary and specialty health insurance broker, IIU, Inc., a Virginia corporation ("IIU"), that we purchased on January 16, 2019, from Craven House North America LLC, a Virginia corporation ("Craven"). IIU provided global medical insurance products for international travelers, specializing in policies covering high-risk destinations, emerging markets and foreign travelers coming to the United States. All policies were fully underwritten with no claim risk remaining with IIU.

Specialty Finance Company

We purchase an Association's right to receive a portion of the Association's collected proceeds from owners that are not paying their assessments. After taking assignment of an Association's right to receive a portion of the Association's proceeds from the collection of delinquent assessments, we engage law firms to perform collection work on a deferred billing basis wherein the law firms receive payment upon collection from the account debtors or a predetermined contracted amount if payment from account debtors is less than legal fees and costs owed. Under this business model, we typically fund an amount equal to or less than the statutory minimum an Association could recover on a delinquent account for each Account, which we refer to as the "Super Lien Amount". Upon collection of an Account, the law firm working on the Account, on behalf of the Association, generally distributes to us the funded amount, interest, and administrative late fees, with the law firm retaining legal fees and costs collected, and the Association retaining the balance of the collection. In connection with this line of business, we have developed proprietary software for servicing Accounts, which we believe enables law firms to service Accounts efficiently and profitably.

Under the New Neighbor Guaranty program, an Association will generally assign substantially all of its outstanding indebtedness and accruals on its delinquent units to us in exchange for payment by us of monthly dues on each delinquent unit. This simultaneously eliminates a substantial portion of the Association's balance sheet bad debts and assists the Association to meet its budget by receiving guaranteed monthly payments on its delinquent units and relieving the Association from paying legal fees and costs to collect its bad debts. We believe that the combined features of the program enhance the value of the underlying real estate in an Association and the value of an Association's delinquent receivables. We intend to leverage our proprietary software platform, as well as our industry experience and knowledge gained from our original line of business, to expand the New Neighbor Guaranty program in certain situations and to potentially develop other new products in the future.

Because we acquire and collect on the delinquent receivables of Associations, the Account debtors are third parties about whom we have little or no information. Therefore, we cannot predict when any given Account will be paid off or how much it will yield. In assessing the risk of purchasing Accounts, we review the property values of the underlying units, the governing documents of the relevant Association, and the total number of delinquent receivables held by the Association.

Specialty Finance Products

Original Product

Our original product relies upon Florida statutory provisions that effectively protect the principal amount invested by us in each Account. In particular, Section 718.116(1), Florida Statutes, makes purchasers and sellers of a unit in an Association jointly and severally liable for all past due assessments, interest, late fees, legal fees, and costs payable to the Association. As discussed above,

the Florida Statutes grants to Associations a so-called “super lien”, which is a category of lien that is given a statutorily higher priority than all other types of liens other than property tax liens. The amount of the Association’s priority over a first mortgage holder that takes title to a property through foreclosure (or deed in lieu), referred to as the Super Lien Amount, is limited to twelve months’ past due assessments or, if less, one percent (1.0%) of the original mortgage amount. Under our contracts with Associations for our original product, we pay Associations an amount up to the Super Lien Amount for the right to receive all collected interest and late fees on Accounts purchased from the Associations.

In other states in which we have offered our original product, which are currently only in Washington, Colorado and Illinois, we rely on statutes that we believe are similar to the above-described Florida statutes in relevant respects. A total of approximately 22 U.S. states, Puerto Rico and the District of Columbia have super lien statutes that give Association assessments super lien status under some circumstances, and of these states, we believe that all of these jurisdictions other than Alaska have a regulatory and business environment that would enable us to offer our original product to Associations in those states on materially the same basis.

New Neighbor Guaranty

In 2012, we began development of a new product, the New Neighbor Guaranty, wherein an Association assigns substantially all of its outstanding indebtedness and accruals on its delinquent units to us in exchange for payments in an amount equal to the regular ongoing monthly or quarterly assessments for delinquent units when those amounts would be due to the Association. We assume both the payment and collection obligations for these assigned Accounts under this product. This simultaneously eliminates an Association’s balance sheet bad debts and assists the Association to meet its budget by receiving guaranteed assessment payments on its delinquent units and relieving the Association from paying legal fees and costs to collect its bad debts. We believe that the combined features of the product enhance the value of the underlying real estate in an Association and the value of an Association’s delinquent receivables.

Before we implement the New Neighbor Guaranty program, an Association typically asks us to conduct a review of its accounts receivable. After we have conducted the review, we inform the Association which Accounts we are willing to purchase and the terms of such purchase. Once we implement the New Neighbor Guaranty program, we begin making scheduled payments to the Association on the Accounts as if the Association had non-delinquent residents occupying the units underlying the Accounts. Our New Neighbor Guaranty contracts typically allow us to retain all collection proceeds on each Account other than special assessments and accelerated assessment balances. Thus, the Association foregoes the potential benefit of a larger future collection in exchange for the certainty of a steady stream of immediate payments on the Account.

For a complete description of our business, financial condition, results of operations and other important information, we refer you to our filings with the SEC that are incorporated by reference into this prospectus, including our Annual Report on Form 10-K for the year ended December 31, 2019. Recent Developments

IIU Acquisition

On November 2, 2018, the Company invested cash by purchasing a Securities Purchase Agreement (the “IIU SPA”) from IIU Inc. (“IIU”), a synergistic Virginia based travel insurance brokerage company controlled by Craven House North America, LLC (“Craven”) N.A., (whose ownership excluding unexercised warrants was approximately 20% of the Company’s outstanding stock at the time of the acquisition) pursuant to which IIU issued to the Company a Senior Convertible Promissory Note (“IIU Note”) in the original principal amount of \$1,500,000. The maturity date of the Note was 360 dates after the date of issuance (subject to acceleration upon an event of default). The Note carried a 3.0% interest rate, with accrued but unpaid interest being payable on the Note’s maturity date.

On January 16, 2019, the Company entered into a Stock Purchase Agreement with Craven to purchase all the outstanding capital stock of IIU as a possible synergistic effort to diversify revenue sources that were believed to be accretive to earnings. IIU provides global medical insurance products for international travelers, specializing in policies covering high-risk destinations, emerging markets and foreign travelers coming to the United States. All policies are fully underwritten with no claim risk remaining with IIU.

The Company purchased 100% of the issued and outstanding capital stock of IIU from Craven for \$5,089,357 subject to adjustment as set forth in the IIU SPA. IIU was required to have a minimum net working capital of \$15,000 and at least \$152,000 in cash. The Company paid the Purchase Price under the IIU SPA at closing as follows:

- The Company cancelled all principal and accrued interest of the IIU Note, which consisted of aggregate principal indebtedness and accrued interest of \$1,507,375 as of January 16, 2019.

- The Company issued to Craven a \$3,581,982 Senior Convertible Promissory Note (the “Craven Convertible Note”) for the balance of the purchase price. At the option of Craven, the Craven Convertible Note could be paid in restricted shares of our common stock or cash. The Craven Convertible Note bore simple interest at 3% per annum. The Craven Convertible Note was due and payable 360 days from the closing date of the IIU SPA. If repaid by the Company in restricted common stock, the outstanding principal and interest of the Craven Convertible Note would be paid by the Company by issuing to Craven a number of restricted common shares equal to the adjusted principal and accrued interest owing to Craven under the Craven Convertible Note divided by \$2.41. On the date of issuance of the Craven Convertible Note, the closing share price of the Company was \$1.42.
- Pursuant to the terms of the IIU SPA, the purchase price was subsequently reduced by \$120,200, to \$4,969,200.

On December 20, 2019, the Company loaned \$1.5 million to Craven (“Craven Secured Promissory Note”) which had an initial maturity date of April 15, 2020 and carried an interest rate of 0.5% that was to be paid monthly. The Company subsequently extended the due date of the Craven Secured Promissory Note to August 1, 2021. The Craven Secured Promissory Note was secured by, among other things, Stock Pledge of Craven’s 640,000 Common Shares of the Company and the Assignment of the assets of Craven in favor of the Company. On June 29, 2020, the Company received from Craven \$1,503,719 as payment in full of all principal and accrued interest due from the Craven Secured Promissory Note.

IIU Disposal

On January 8, 2020, the Company entered into a Stock Purchase Agreement (“SPA”) with Craven pursuant to which the Company sold to Craven all of the issued and outstanding shares of IIU, Inc., a Virginia based travel insurance brokerage company and wholly owned subsidiary of LMFA (“IIU”), for \$3,562,569. The purchase price was paid by Craven through the cancellation of the \$3,461,782 Convertible Promissory Note issued by LMFA to Craven dated January 16, 2019 plus forgiveness of \$100,787 of accrued interest. LMFA originally paid \$4,969,200 for the purchase of IIU in January 2019, which included a negative \$720,386 net fair value of assets and \$5,689,586 of goodwill. As a result, goodwill was impaired by \$1.65 million. The sale of IIU resulted in a gain of \$16,428.

Entry into and Termination of Hanfor Share Exchange Agreement

On March 23, 2020, the Company entered into a Share Exchange Agreement, dated March 23, 2020 (the “Share Exchange Agreement”), with Hanfor (Cayman) Limited, a Cayman Islands exempted company (“Hanfor”), and BZ Industrial Limited, a British Virgin Islands business company and the sole stockholder of Hanfor (“Hanfor Owner”). The Share Exchange Agreement contemplated a business combination transaction in which Hanfor Owner would transfer and assign to the Company all of the share capital of Hanfor in exchange for a number of shares of the Company’s common stock that would result in Hanfor Owner owning 86.5% of the outstanding common stock of the Company.

Under the agreement, Hanfor Owner was required to deliver to the Company audited financial statements for Hanfor for the 2019 and 2018 fiscal years, and such audited financial statements were required to be delivered by May 31, 2020 (subject to extension to June 30, 2020 under specified circumstances). In connection with the execution of the Share Exchange Agreement, the Company and Hanfor Owner entered into a Stock Purchase Agreement, dated March 23, 2020, pursuant to which Hanfor Owner purchased from the Company an aggregate of 520,838 shares of the Company’s common stock at a price of \$2.40 per share. Hanfor Owner paid \$250,000 cash on March 23, 2020 and the Company received an additional \$1,000,000 in April 2020 at which time the Company issued the 520,838 shares.

On July 14, 2020, the Company notified Hanfor and Hanfor Owner that the Company had elected to terminate the Share Exchange Agreement due to Hanfor’s inability to provide audited financial statements by June 30, 2020. On July 21, 2020, counsel to Hanfor Owner informed the Company that Hanfor Owner believes that the Company’s termination of the Share Exchange Agreement was not effected in accordance with the terms of the Share Exchange Agreement. The Company and Hanfor Owner are engaged in discussions to resolve this disagreement, but there is no assurance that this disagreement will be promptly resolved or resolved on terms favorable to the Company.

Nasdaq Listing

On March 27, 2020, the Company received a notification letter from the Nasdaq Listing Qualifications department of The Nasdaq Stock Market LLC (“Nasdaq”) stating that the Company has not regained compliance with Nasdaq Continued Listing Rule 5550(a)(2), which requires the Company’s listed securities to maintain a minimum bid price of \$1.00 per share (the “Minimum Bid Price Rule”). The notification stated that the Company’s securities would be delisted from the Nasdaq Capital Market on April 7, 2020 unless the Company timely requested a hearing before a Nasdaq Hearing Panel. The Company timely requested a hearing. However, on April 16, 2020, Nasdaq suspended any enforcement actions relating to bid price issues through June 30, 2020. On July 1, 2020, the

Company received a letter from Nasdaq that the Company had regained compliance with the Minimum Bid Price Rule because the closing price for the Company's common stock was \$1.00 per share or greater for ten (10) consecutive business days.

Additionally, on January 3, 2020, the Company received a deficiency letter from Nasdaq, indicating that it was in violation of Listing Rules 5620(a) and 5810(c)(2)(G) by virtue of passing the applicable deadline for holding of its annual general meeting of shareholders for the financial year ended December 31, 2018. The Company resolved this issue by having its annual general meeting of shareholders on May 11, 2020.

Reverse Stock Split

On May 11, 2020, our shareholders voted in favor of the approval of an amendment to our Certificate of Incorporation, in the event it is deemed advisable by our Board of Directors, to effect an additional reverse stock split of the Company's issued and outstanding common stock at a ratio within the range of one-for-two (1:2) and one-for-ten (1:10), as determined by the Board of Directors. However, a reverse stock split has not yet been effected pursuant to such approval.

Corporate Information

LM Funding, LLC, our wholly-owned subsidiary, was originally organized in January 2008 as a Florida limited liability company. Historically, all of our business was conducted through LM Funding, LLC and its subsidiaries. Immediately prior to our initial public offering in October 2015, the members of the LM Funding, LLC contributed all of their membership interests to LM Funding America, Inc., a Delaware corporation incorporated on April 20, 2015, in exchange for an aggregate of 2,100,000 shares of the common stock of LM Funding America, Inc. (the "Corporate Reorganization"). Immediately after such contribution and exchange, the former members of LM Funding, LLC became the holders of 100% of the issued and outstanding common stock of LM Funding America, Inc., thereby making LM Funding, LLC a wholly-owned subsidiary of LM Funding America, Inc.

IJU, Inc., our former wholly-owned subsidiary, was organized in April 2018 as a Virginia corporation. IJU, Inc. owns Wallach and Company, a Virginia corporation, which was organized in January 1989. We sold IJU, Inc. and its subsidiary, Wallach and Company, on January 8, 2020 pursuant to the terms of the SPA with Craven.

Our principal executive offices are located at 1200 Platt Street, Suite 1000, Tampa, Florida 33602, and our telephone number is (813) 222-8996. Our website is www.lmfunding.com and all of our filings with the SEC are available free of charge on our website. Emerging Growth Company Status

We qualify as an "emerging growth company," as that term is defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. For as long as we qualify as an emerging growth company, we may take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that do not qualify as emerging growth companies, including, without limitation, not being required to comply with the auditor attestation requirements of Section 404(b) of the Sarbanes-Oxley Act of 2002, as amended, reduced disclosure obligations relating to executive compensation and exemptions from the requirements of holding advisory "say-on-pay," "say-when-on-pay" and "golden parachute" executive compensation votes.

Under the JOBS Act, we will remain an emerging growth company until the earliest of:

- the last day of the fiscal year during which we have total annual gross revenues of \$1.0 billion or more;
- the last day of the fiscal year following the fifth anniversary of the completion of our initial public offering, or December 31, 2020;
- the date on which we have, during the previous three-year period, issued more than \$1.0 billion in non-convertible debt; and
- the date on which we are deemed to be a "large accelerated filer" under the Securities Exchange Act of 1934, as amended (the "Exchange Act") (i.e., the first day of the fiscal year after we have (1) more than \$700 million in outstanding common equity held by our non-affiliates, measured each year on the last day of our second fiscal quarter, and (2) been public for at least 12 months).

We have elected to take advantage of certain of the reduced disclosure obligations regarding executive compensation in this prospectus and may elect to take advantage of other reduced reporting requirements in future filings with the SEC. As a result, the information that we provide to our stockholders may be different than the information you receive from other public reporting companies.

The Offering

<i>Units offered by us in this offering</i>	Up to _____ units, each consisting of one share of our common stock and one common warrant to purchase one share of our common stock.
<i>Pre-funded units offered by us in this offering</i>	We are also offering the opportunity to purchase, if the purchaser so chooses, up to _____ pre-funded units to purchasers whose purchase of units in this offering would otherwise result in the purchaser, together with its affiliates and certain related parties, beneficially owning more than 4.99% of our outstanding common stock immediately following the consummation of this offering (each pre-funded unit consisting of one pre-funded warrant to purchase one share of our common stock and one common warrant to purchase one share of our common stock) in lieu of units that would otherwise result in the purchaser's beneficial ownership exceeding 4.99% of our outstanding common stock (or, at the election of the purchaser, 9.99%). The purchase price of each pre-funded unit is equal to the price at which the units are being sold to the public in this offering, minus \$0.01, and the exercise price of each pre-funded warrant included in each pre-funded unit is \$0.01 per share. For each pre-funded unit we sell, the number of units we are offering will be decreased on a one-for-one basis. Because we will issue a common warrant as part of each unit or pre-funded unit, the number of common warrants sold in this offering will not change as a result of a change in the mix of the units and pre-funded units sold. This offering also relates to the shares of common stock issuable upon exercise of any pre-funded warrants sold in this offering.
<i>Common warrants offered by us in the offering</i>	Common warrants to purchase an aggregate of _____ shares of our common stock. Each unit and each pre-funded unit includes a common warrant to purchase one share of our common stock. Each common warrant will have an exercise price per share equal to \$ _____ per share, will be immediately separable from the common stock or pre-funded warrant, as the case may be, will be immediately exercisable and will expire on the five year anniversary of the original issuance date. This prospectus also relates to the offering of the shares of common stock issuable upon exercise of the common warrants.
<i>Option to purchase additional securities</i>	The underwriter has an option to purchase up to _____ additional shares of common stock and/or common warrants and/or pre-funded warrants from us at the public offering price, less underwriting discounts and commissions. The underwriter may exercise this option at any time and from time to time within 45 days from the date of this prospectus.
<i>Common stock outstanding prior to this offering</i>	_____ shares of common stock.
<i>Common stock outstanding after this offering</i>	_____ shares of common stock or _____ shares of common stock if the underwriter exercises in full its option to purchase additional securities in the form of shares of common stock (assuming the sale of all securities offered hereby, at the assumed public offering price of \$ _____ per unit, the closing sale price of our common stock on the Nasdaq Capital Market on _____, 2020, and assuming no exercise of any pre-funded warrants included in the pre-funded units sold in this offering and no exercise of the common warrants issued in this offering).
<i>Use of proceeds</i>	We intend to use the net proceeds received from this offering for general corporate purposes, including working capital. See "Use of Proceeds" on page 12 of this prospectus.
<i>Risk factors</i>	Investing in our securities involves a high degree of risk. For a discussion of factors to consider before deciding to invest in our securities, you should carefully review and consider the "Risk Factors" section of this prospectus, as well as the risk factors described or referred to in any documents incorporated by reference in this prospectus, and in any applicable prospectus supplement.
<i>Trading Symbol</i>	Our common stock is listed on the Nasdaq Capital Market under the symbol "LMFA". There is no established trading market for the pre-funded warrants or common warrants, and we do not expect a trading market to develop. We do not plan on applying to list the common warrants or the pre-funded warrants on the Nasdaq Capital Market, any national securities exchange or any other nationally recognized trading system. Without an active trading market, the liquidity of the common warrants and the pre-funded warrants will be limited.

The number of shares of common stock outstanding after this offering, as reflected above, is based on the actual number of shares outstanding as of June 30, 2020, which was 5,068,799 (taking into account the exercise of warrants for 1,227,700 shares at \$2,946,480 and the issuance of 520,838 shares at \$1,250,000), and does not include, as of that date:

- 1,263,000 shares of common stock issuable upon the exercise of warrants outstanding as of June 30, 2020, with a weighted average exercise price of \$2.40 per share;
- 143,587 shares of common stock issuable upon the exercise of warrants outstanding as of June 30, 2020, with a weighted average exercise price of \$1.84 per share;
- 125,000 shares of common stock issuable upon the exercise of warrants outstanding as of June 30, 2020, with a weighted average exercise price of \$2.64 per share;
- 120,000 shares of common stock issuable upon the exercise of warrants outstanding as of June 30, 2020, with a weighted average exercise price of \$125 per share;
- 60,000 shares of common stock reserved for future grant or issuance as of June 30, 2020 under our 2015 Omnibus Incentive Plan; and
- [] shares of common stock issuable upon exercise of the underwriter's warrants, with an exercise price of \$[] to be issued to the underwriter in connection with this offering.

Unless otherwise indicated:

- All historical shares and per share information included in this prospectus have been retroactively adjusted to reflect the Company's 1-for-10 reverse stock split (the "Reverse Stock Split");
- all information contained in this prospectus assumes no exercise of the warrants offered hereby; and
- [all information in this prospectus assumes no exercise of the underwriter's option to purchase additional securities and no exercise of the underwriter's warrants to be issued to the underwriter in connection with this offering.]

RISK FACTORS

An investment in our securities involves a high degree of risk. Before deciding to invest in our securities or to maintain or increase your investment, you should carefully consider the risks described below, in addition to the other information contained in this prospectus as well as the risks and uncertainties set forth under the section titled “Risk Factors” in our Annual Report on Form 10-K for the year ended December 31, 2019, our Quarterly Report on Form 10-Q for the quarter ended March 31, 2020, and our Quarterly Reports on Form 10-Q and in our other filings with the SEC, which are incorporated by reference herein. The risks and uncertainties described below are not the only ones that we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business and results of operations. If any of these risks actually occur, our business, financial condition or results of operations could be seriously harmed. In that event, the market price for our common stock could decline and you may lose all or part of your investment.

Risks Related to This Offering

Management will have broad discretion with respect to the use of the proceeds from this offering.

Our management will have broad discretion as to the application of the net proceeds from this offering and could use them for purposes other than those contemplated at the time of the offering. Our stockholders may not agree with the manner in which our management chooses to allocate and spend the net proceeds. It is possible that our management may use the net proceeds for general corporate purposes that may not improve our financial condition or market value.

You will experience immediate and substantial dilution in the net tangible book deficit per share of the common stock included in the units or issuable upon exercise of the common warrants or pre-funded warrants in this offering and may experience additional dilution of your investment in the future.

Since the effective price per share of common stock included in the units or issuable upon exercise of the common warrants or the pre-funded warrants being offered is substantially higher than the net tangible book deficit per share of our common stock outstanding prior to this offering, you will suffer immediate and substantial dilution in the net tangible book deficit of the common stock included in the units or issuable upon the exercise of the common warrants or the pre-funded warrants issued in this offering. See the section titled “Dilution” below for a more detailed discussion of the dilution you will incur if you purchase units in this offering.

Subject to the lock-up provisions described under “Underwriting,” we are generally not restricted from issuing additional securities including shares of common stock, securities that are convertible into or exchangeable for, or that represent the right to receive common stock or substantially similar securities. We may conduct one or more additional offerings following this offering.

The issuance of securities in these or any other offerings may cause further dilution to our stockholders, including investors in this offering. We cannot assure you that we will be able to sell shares or other securities in any other offering at a price per share that is equal to or greater than the price per share paid by investors in this offering, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders, including investors who purchase securities in this offering. The exercise of outstanding stock options and warrants may also result in further dilution to your investment.

If our common stock is delisted from Nasdaq, the liquidity and price of our common stock could decrease and our ability to obtain financing could be impaired.

On March 27, 2020, the Company received a notification letter from the Nasdaq Listing Qualifications department of The Nasdaq Stock Market LLC (“Nasdaq”) stating that the Company was not in compliance with the Minimum Bid Price Rule, which requires the Company’s listed securities to maintain a minimum bid price of \$1.00 per share. The notification stated that the Company’s securities would be delisted from the Nasdaq Capital Market on April 7, 2020 unless the Company timely requested a hearing before a Nasdaq Hearing Panel. The Company timely requested a hearing. However, the delisting of the Company’s securities was stayed due to the Nasdaq’s decision to suspend any enforcement actions relating to bid price issues. On July 1, 2020, the Company received a letter from Nasdaq that the Company has regained compliance with the Minimum Bid Price Rule because the closing price for the Company’s common stock was \$1.00 per share or greater for ten (10) consecutive business days.

Additionally, on January 3, 2020, the Company received a deficiency letter from Nasdaq, indicating that it was in violation of Listing Rules 5620(a) and 5810(c)(2)(G) by virtue of passing the applicable deadline for holding of its annual general meeting of shareholders for the financial year ended December 31, 2018. The Company resolved this issue by having its annual general meeting of shareholders on May 11, 2020.

Any delisting of our common stock from the Nasdaq Capital Market could adversely affect our ability to attract new investors, decrease the liquidity of our outstanding shares of common stock, reduce our ability to raise additional capital, reduce the price at which our common stock trades, and increase the transaction costs inherent in trading such shares with overall negative effects for our

stockholders. In addition, the delisting of our common stock could deter broker-dealers from making a market in or otherwise seeking or generating interest in our common stock and might deter certain institutions and persons from investing in our securities at all.

The exclusive jurisdiction clause set forth in the common warrants and pre-funded warrants to be issued to investors in this offering may have the effect of limiting an investor's rights to bring legal action against us and could limit the investor's ability to obtain a favorable judicial forum for disputes with us.

The common warrants and pre-funded warrants to be issued in this offering provides for investors to consent to exclusive jurisdiction to courts located in New York, New York. This exclusive jurisdiction may have the effect of limiting the ability of investors to bring a legal claim against us due to geographic limitations and may limit an investor's ability to bring a claim in a judicial forum that it finds favorable for disputes with us. Alternatively, if a court were to find this exclusive forum provision inapplicable to, or unenforceable in respect of, one or more of the specified types of actions or proceedings, we may incur additional costs associated with resolving such matters in other jurisdictions, which could adversely affect our business and financial condition.

A decline in the price of our common stock could adversely affect our ability to raise working capital.

Although there is a public market for our common stock, we can give no assurance that an active and liquid public market for the shares of the common stock will continue in the future. In addition, future sales of large amounts of common stock could adversely affect the market price of our common stock and our ability to raise capital. The price of our common stock could also drop as a result of the exercise of options for common stock or the perception that such sales or exercise of options could occur. These factors could also have a negative impact on the liquidity of our common stock and our ability to raise working capital through future stock offerings.

We do not pay cash dividends.

We have never paid any cash dividends on our common stock and do not intend to pay cash dividends in the foreseeable future. Instead, we intend to apply earnings, if any, to the expansion and development of our business. Thus, the liquidity of your investment is dependent upon your ability to sell stock at an acceptable price. The price may increase or decrease and may limit your ability to realize any value from your investment, including the initial purchase price.

Holders of our warrants will have no rights as a common stockholder until they acquire our common stock.

Until you acquire shares of our common stock upon exercise of your warrants, you will have no rights with respect to shares of our common stock issuable upon exercise of your warrants. Upon exercise of your warrants, you will be entitled to exercise the rights of a common stockholder only as to matters for which the record date occurs after the exercise date.

A large number of shares issued in this offering may be sold in the market following this offering, which may depress the market price of our common stock.

A large number of shares issued in this offering may be sold in the market following this offering, which may depress the market price of our common stock. Sales of a substantial number of shares of our common stock in the public market following this offering could cause the market price of our common stock to decline. If there are more shares of common stock offered for sale than buyers are willing to purchase, then the market price of our common stock may decline to a market price at which buyers are willing to purchase the offered shares of common stock and sellers remain willing to sell the shares. All of the shares of common stock issued in the offering will be freely tradable without restriction or further registration under the Securities Act of 1933, as amended (the "Securities Act").

The warrants issued in this offering may not have any value.

Each warrant will have an exercise price equal to \$ _____ and will expire on the fifth anniversary of the date they first become exercisable. In the event our common stock price does not exceed the exercise price of the warrants during the period when the warrants are exercisable, the warrants may not have any value.

There is no public market for the common warrants or the pre-funded warrants to purchase shares of our common stock included in the units and the pre-funded units being offered by us in this offering.

There is no established public trading market for the common warrants or the pre-funded warrants included in the units and the pre-funded units being offered in this offering, and we do not expect a market to develop. In addition, we do not intend to apply to list the common warrants or the pre-funded warrants on any national securities exchange or other nationally recognized trading system, including the Nasdaq Capital Market. Without an active market, the liquidity of the common warrants and the pre-funded warrants will be limited.

Risk Relating to Potential Legal Dispute

A potential legal dispute between Hanfor Owner and the Company could have material adverse effect on our business, financial condition, and results of operations.

On March 23, 2020, the Company entered into the Share Exchange Agreement with Hanfor and Hanfor Owner. The Share Exchange Agreement contemplated a business combination transaction in which Hanfor Owner would transfer and assign to the Company all of the share capital of Hanfor in exchange for a number of shares of the Company's common stock that would result in Hanfor Owner owning 86.5% of the outstanding common stock of the Company. Under the agreement, Hanfor Owner was required to deliver to the Company audited financial statements for Hanfor for the 2019 and 2018 fiscal years, and such audited financial statements were required to be delivered by May 31, 2020 (subject to extension to June 30, 2020 under specified circumstances). On July 14, 2020, the Company notified Hanfor and Hanfor Owner that the Company had terminated the Share Exchange Agreement due to Hanfor's inability to provide audited financial statements by June 30, 2020. On July 21, 2020, counsel to Hanfor Owner informed the Company that Hanfor Owner believes that the Company's termination of the Share Exchange Agreement was not effected in accordance with the terms of the Share Exchange Agreement. The Company and Hanfor Owner are engaged in discussions to resolve this disagreement, but there is no assurance that this disagreement will be promptly resolved or resolved on terms favorable to the Company. If the Company and Hanfor Owner cannot resolve this disagreement, any resulting formal legal dispute could have a material adverse effect on the Company's business, financial conditions, and results of operation.

We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are not guarantees and are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. Important factors which could materially affect our results and our future performance include, without limitation:

- our ability to purchase defaulted consumer receivables at appropriate prices,
- competition to acquire such receivables,
- our dependence upon third party law firms to service our accounts,
- our ability to obtain funds to purchase receivables,
- our ability to manage growth or declines in the business,

- deterioration in economic conditions,
- negative press regarding the debt collection industry which may have a negative impact on a debtor’s willingness to pay the debt we acquire,
- the spread of the novel coronavirus (COVID-19), its impact on the economy generally and, more specifically, the specialty finance or specialty health insurance industries,
- negative press regarding the debt collection industry which may have a negative impact on a debtor’s willingness to pay the debt we acquire, and
- other factors set forth under “Risk Factors” in this prospectus and in our Annual Report on Form 10-K for the year ended December 31, 2019, as filed with the SEC, as well as our Quarterly Report on Form 10-Q for the quarter ended March 31, 2020, as well as any update in our Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed from time to time with the SEC, that are incorporated by reference into this prospectus.

USE OF PROCEEDS

We estimate that the net proceeds of this offering will be approximately \$ _____ million from the sale of our securities in this offering, based on an assumed public offering price of \$ _____ per unit, the last reported sale price of our common stock on the Nasdaq Capital Market on _____, 2020, and assuming the sale of _____ units and no sale of any pre-funded units in this offering after deducting the underwriting fees and estimated offering expenses payable by us. If the underwriter exercises its option to purchase additional shares of common stock and/or common warrants and and/or pre-funded warrants, we estimate the net proceeds from this offering will be approximately \$ _____ from the sale of our securities (assuming that the option is exercised solely with respect to shares of common stock), after deducting estimated underwriting discounts and commissions and estimated offering expenses payable by us. The public offering price per unit or pre-funded unit will be negotiated between us and the underwriter based on market conditions at the time of pricing, and may be at a discount to the current market price of our common stock. This amount excludes the proceeds, if any, from the exercise of common warrants in this offering. If all of the common warrants sold in this offering were to be exercised in cash at an exercise price of \$ _____ per share, we would receive additional net proceeds of approximately \$ _____ million. We cannot predict when or if these common warrants will be exercised. It is possible that these common warrants may expire and may never be exercised.

We intend to use the net proceeds from this offering for general corporate purposes, including working capital.

We have not otherwise determined the amounts we plan to spend on more specific areas or the timing of these expenditures. As a result, our management will have broad discretion to allocate the net proceeds from this offering. Pending application of the net proceeds as described above, we intend to invest the net proceeds of this offering in short-term, investment-grade, interest-bearing securities.

A \$0.25 increase or decrease in the assumed public offering price of \$ _____ per unit, based on the last reported sale price for our common stock as reported on the Nasdaq Capital Market on _____, 2020, would decrease or increase the number of units sold in this offering by approximately _____ units and _____ units, respectively, which would decrease or increase the amount of common stock issued by _____ shares and _____ shares, respectively, and the number of common warrants issued by _____ common warrants and _____ common warrants, respectively, assuming no sale of any pre-funded units.

Similarly, a one million unit or pre-funded unit increase or decrease in the number of shares offered by us, as set forth on the cover page of this prospectus, would increase or decrease the net proceeds to us by approximately \$ _____ assuming the assumed public offering price of \$ _____ per unit and no sale of any pre-funded units in this offering, and after deducting estimated underwriting discount and expenses and estimated offering expenses payable by us.

CAPITALIZATION

The following table sets forth our cash, cash equivalents and capitalization as of March 31, 2020:

- on an actual basis;
- on a pro forma basis; and
- on a pro forma as adjusted basis to give effect to the assumed sale of our securities in this offering, based on an assumed public offering price of \$ _____ per unit, the last reported sale price of our common stock on the Nasdaq Capital Market on _____, 2020, and assuming the sale of _____ units and no sale of any pre-funded units in this offering, after deducting the underwriting discount and estimated offering expenses payable by us.

You should read this information in conjunction with our consolidated financial statements and notes thereto incorporated by reference into this prospectus.

The table above is based on 3,320,261 shares of our common stock outstanding as of March 31, 2020 and excludes:

- 2,490,700 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$2.40 per share; (note: holders of these warrants exercised the warrants for 1,227,700 shares at \$2,946,480 during June 2020)
- 143,587 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$1.84 per share;
- 125,000 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$2.64 per share;
- 120,000 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$125 per share;
- 60,000 shares of common stock reserved for future grant or issuance as of March 31, 2020 under our 2015 Omnibus Incentive Plan;
- 520,838 shares of common stock issued by the Company in April of 2020, and
- [] shares of common stock issuable upon exercise of warrants offered hereby.

DILUTION

If you purchase our securities in this offering, you will experience dilution in the net tangible book value per share of the common stock you purchase to the extent of the difference between the combined public offering price per share and related warrants and the as adjusted net tangible book value per share of our common stock immediately after this offering, assuming no value is attributed to the warrants.

Our historical net tangible book value is the amount of our total tangible assets less our related liabilities plus the amount allocated to our non-controlling interests. Our historical net tangible book value per share is our historical net tangible book value divided by the number of shares of common stock outstanding as of March 31, 2020. Our historical net tangible book value as of March 31, 2020, was approximately \$2,670,710, or \$0.80 per share of common stock.

As adjusted net tangible book value is our historical net tangible book value, after giving effect to the assumed sale by us of units in this offering at an assumed public offering price of \$ _____ per unit, based on the last reported sale price of our common stock on the Nasdaq Capital Market on _____, 2020, assuming no sale of any pre-funded units in this offering and after deducting estimated underwriting discount and estimated offering expenses payable by us, our as adjusted net tangible book value as of March 31, 2020, would have been approximately \$ _____, or approximately \$ _____ per share, which excludes the common warrants to purchase shares of our common stock to be issued to investors in this offering. This represents an immediate decrease in net tangible book value of approximately \$ _____ per share to existing stockholders and an immediate dilution of approximately \$ _____ per share to new investors purchasing shares of our common stock and warrants in this offering. The following table illustrates this per share dilution:

Assumed combined public offering price per unit		\$
Historical net tangible book value per share as of March 31, 2020	\$0.80	
Increase in historical net tangible book value per share attributable to this offering		
As adjusted net tangible book value per share as of March 31, 2020 after this offering		
Dilution in as adjusted net tangible book value per share to new investors		

If the underwriter exercises its option to purchase additional shares of common stock and/or common warrants and/or pre-funded warrants at the public offering price of \$ _____ per unit (and only shares of common stock are purchased pursuant to the option), less underwriting discounts and commissions, our pro forma as adjusted net tangible book value after this offering would be approximately \$ _____, or \$ _____ per share, and have no significant impact on dilution per share to existing shareholders and immediate dilution in pro forma net tangible book value of approximately \$ _____ per share to investors purchasing our securities in this offering at the public offering price.

This table does not take into account further dilution to new investors that could occur upon the exercise of the warrants offered hereby or outstanding options and warrants having a per share exercise price less than the public offering price per share in this offering. To the extent that outstanding options or warrants are exercised, or restricted stock units vest and settle, investors purchasing our common stock will experience further dilution. In addition, we may choose to raise additional capital due to market conditions or strategic considerations even if we believe we have sufficient funds for our current or future operating plans. To the extent that additional capital is raised through the sale of equity or convertible debt securities, the issuance of these securities could result in further dilution to our stockholders.

The number of shares of common stock outstanding after this offering as reflected in the table above, is based on the actual number of shares outstanding as of March 31, 2020, which was 3,320,261, and does not include, as of that date:

- 2,490,700 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$2.40 per share (note: holders of these warrants exercised the warrants for 1,227,700 shares at \$2,946,480 during June 2020);
- 143,587 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$1.84 per share;
- 125,000 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$2.64 per share;
- 120,000 shares of common stock issuable upon the exercise of warrants outstanding as of March 31, 2020, with a weighted average exercise price of \$125 per share;
- 60,000 shares of common stock reserved for future grant or issuance as of March 31, 2020 under our 2015 Omnibus Incentive Plan;
- 520,838 shares of common stock issued by the Company in April of 2020, and
- [_____] shares of common stock issuable upon exercise of warrants offered hereby.

Under our Certificate of Incorporation, we are authorized to issue 30,000,000 shares of Common Stock, par value \$0.001 per share, and 5,000,000 shares of preferred stock, par value \$0.001 per share, in one or more series designated by our board of directors (the “Board of Directors”).

Voting Rights. The holders of our Common Stock are entitled to one vote per share. Holders of our common stock are not entitled to cumulate their votes in the election of directors. Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of the votes entitled to be cast by all holders of Common Stock present in person or represented by proxy, voting together as a single class. The number of authorized shares of Common Stock may be increased or decreased (but not below the number of shares then outstanding) by (in addition to any vote of the holders of one or more series of preferred stock that may be required to vote pursuant to the terms of our Certificate of Incorporation) the affirmative vote of holders of shares of capital stock of the Company representing a majority of the votes represented by all outstanding shares of capital stock of the Company entitled to vote, irrespective of any of the provisions of the DGCL.

Dividends. Holders of our Common Stock will share ratably (based on the number of shares of Common Stock held) if and when any dividend is declared by the Board of Directors out of funds legally available therefor, subject to any statutory or contractual restrictions on the payment of dividends by us and subject to any restrictions or preferential rights on the payment of dividends imposed by the terms of any outstanding series of preferred stock.

Liquidation Rights. In the event of our liquidation, dissolution or winding up, the holders of our Common Stock are entitled to share ratably in all assets of the Company remaining after the payment of its liabilities, subject to the prior distribution rights of any series of preferred stock then outstanding.

Other Rights. Our Common Stock is not subject to redemption nor do holders of our Common Stock have any preemptive rights to purchase additional shares of Common Stock. Holders of shares of our Common Stock do not have subscription, redemption or conversion rights. There are no redemption or sinking fund provisions applicable to the Common Stock. All of the outstanding shares of Common Stock are validly issued, fully paid and non-assessable.

Reverse Stock Split. On October 15, 2018, the Company effected the Reverse Stock Split by means of a one-for-ten (1:10) reverse split of its outstanding Common Stock, par value \$0.001 per share. As a result of the Reverse Stock Split, every ten shares of Common Stock were consolidated into one share of Common Stock, effective as of October 16, 2018. On May 11, 2020, our shareholders voted in favor of the approval of an amendment to our Certificate of Incorporation, in the event it is deemed advisable by our Board of Directors, to effect an additional reverse stock split of the Company’s issued and outstanding common stock at a ratio within the range of one-for-two (1:2) and one-for-ten (1:10), as determined by the Board of Directors. However, a reverse stock split has not yet been effected pursuant to such approval.

Listing on The Nasdaq Global Market. Our Common Stock is listed on The Nasdaq Capital Market under the symbol “LMFA”.

Pre-Funded Warrants

The following summary of certain terms and provisions of pre-funded warrants included in the pre-funded units that are being offered hereby is not complete and is subject to, and qualified in its entirety by, the provisions of the pre-funded warrant, the form of which is filed as an exhibit to the registration statement of which this prospectus forms a part. Prospective investors should carefully review the terms and provisions of the form of pre-funded warrant for a complete description of the terms and conditions of the pre-funded warrants.

Duration and Exercise Price

Each pre-funded warrant will have an initial exercise price per share equal to \$0.01. The pre-funded warrants will be immediately exercisable and may be exercised at any time until the pre-funded warrants are exercised in full. The exercise price and number of shares of common stock issuable upon exercise is subject to appropriate adjustment in the event of stock dividends, stock splits, reorganizations or similar events affecting our common stock and the exercise price. The pre-funded warrants will be issued separately from the accompanying common warrants included in the pre-funded units and may be transferred separately immediately thereafter.

Exercisability

The pre-funded warrants will be exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice accompanied by payment in full for the number of shares of our common stock purchased upon such exercise (except in the case of a cashless exercise as discussed below). A holder (together with its affiliates) may not exercise any portion of the pre-funded warrant to the extent that the holder would own more than 4.99% of the outstanding common stock immediately after exercise. However, any holder may increase such percentage to any other percentage not in excess of 9.99%, provided that any increase in such percentage shall not be effective until 61 days after the holder give notice to us of such increase. Purchasers of pre-funded units in this offering may also elect, prior to the issuance of the pre funded warrants, to have the initial exercise limitation set at 9.99% of our outstanding common stock.

Cashless Exercise

If, at the time a holder exercises its pre-funded warrants, a registration statement registering the issuance of the shares of common stock underlying the pre-funded warrants under the Securities Act is not then effective or available for the issuance of such shares, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of shares of common stock determined according to a formula set forth in the pre-funded warrants.

Transferability

Subject to applicable laws, a pre-funded warrant may be transferred at the option of the holder upon surrender of the pre-funded warrant to us together with the appropriate instruments of transfer.

Fractional Shares

No fractional shares of common stock will be issued upon the exercise of the pre-funded warrants. Rather, the number of shares of common stock to be issued will, at our election, either be rounded up to the nearest whole number or we will pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price.

Trading Market

There is no trading market available for the pre-funded warrants on any securities exchange or nationally recognized trading system.

Rights as a Stockholder

Except as otherwise provided in the pre-funded warrants or by virtue of such holder's ownership of shares of our common stock, the holders of the pre-funded warrants do not have the rights or privileges of holders of our common stock, including any voting rights, until they exercise their pre-funded warrants.

Common Warrants

The following summary of certain terms and provisions of common warrants included in the units and the pre-funded units that are being offered hereby is not complete and is subject to, and qualified in its entirety by, the provisions of the common warrants, the form of which is filed as an exhibit to the registration statement of which this prospectus forms a part. Prospective investors should carefully review the terms and provisions of the form of common warrant for a complete description of the terms and conditions of the common warrants.

Duration and Exercise Price

Each common warrant included in the units and the pre-funded units offered hereby will have an initial exercise price per whole share equal to \$. The common warrants will be immediately exercisable and will expire on the fifth anniversary of the original issuance date. The exercise price and number of shares of common stock issuable upon exercise is subject to appropriate adjustment in the event of stock dividends, stock splits, reorganizations or similar events affecting our common stock and the exercise price. The

common warrants will be issued separately from the common stock included in the units, or the pre-funded warrants included in the pre-funded units, as the case may be, and may be transferred separately immediately thereafter. A common warrant to purchase one share of our common stock will be included in each unit or pre-funded unit purchased in this offering.

Exercisability

The common warrants will be exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice accompanied by payment in full for the number of shares of our common stock purchased upon such exercise (except in the case of a cashless exercise as discussed below). A holder (together with its affiliates) may not exercise any portion of the common warrant to the extent that the holder would own more than 4.99% of the outstanding common stock immediately after exercise, except that upon at least 61 days' prior notice from the holder to us, the holder may increase the amount of ownership of outstanding stock after exercising the holder's common warrants up to 9.99% of the number of shares of our common stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the common warrants.

Cashless Exercise

If, at the time a holder exercises its common warrants, a registration statement registering the issuance of the shares of common stock underlying the common warrants under the Securities Act is not then effective or available for the issuance of such shares, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of shares of common stock determined according to a formula set forth in the common warrants.

Fractional Shares

No fractional shares of common stock will be issued upon the exercise of the common warrants. Rather, the number of shares of common stock to be issued will, at our election, either be rounded up to the nearest whole number or we will pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price.

Transferability

Subject to applicable laws, a common warrant may be transferred at the option of the holder upon surrender of the common warrant to us together with the appropriate instruments of transfer.

Exchange Listing

We do not intend to list the common warrants on any securities exchange or nationally recognized trading system.

Rights as a Stockholder

Except as otherwise provided in the common warrants or by virtue of such holder's ownership of shares of our common stock, the holders of the common warrants do not have the rights or privileges of holders of our common stock, including any voting rights, until they exercise their common warrants.

Anti-Dilution

The warrants contain a full-ratchet anti-dilution exercise price adjustment upon the issuance of any common stock, securities convertible into common stock or certain other issuances at a price below the then-existing exercise price of the warrants, with certain exceptions. The terms of the warrants, including these anti-dilution protections, may make it difficult for us to raise additional capital at prevailing market terms in the future.

Fundamental Transactions

If we (i) effect any merger or consolidation with or into another person, (ii) effect any sale of all or substantially all of our assets in one or a series of related transactions, (iii) complete any tender offer or exchange offer pursuant to which holders of common stock are permitted to tender or exchange their shares for other securities, cash or property, (iv) effect any reclassification of our common stock or any compulsory share exchange pursuant to which our common stock is effectively converted into or exchanged for other securities, cash or property, or (v) other similar transactions, then the warrant will become the right thereafter to receive, upon exercise, the number of shares of common stock of the successor or acquiring corporation (or the Company, if it is the survivor) and any additional consideration receivable upon such a fundamental transaction by holders of shares of common stock immediately prior to such transaction.

DIVIDEND POLICY

We currently intend to retain any future earnings to finance the growth and development of our business. Therefore, we do not anticipate declaring or paying any cash dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends, if any, will be at the discretion of our board of directors and will depend on then existing conditions, including our financial condition, operating results, contractual restrictions, capital requirements, business prospects and other factors our board of directors may deem relevant.

UNDERWRITING

We have entered into an underwriting agreement with Maxim Group LLC, as underwriter, with respect to the securities being offered hereby. Subject to the terms and conditions of the underwriting agreement, we have agreed to sell to the underwriter and the underwriter has agreed to purchase from us, at the public offering price less the underwriting discounts and commissions set forth on the cover page of this prospectus, a combination of up to _____ units and/or pre-funded units.

A copy of the form of underwriting agreement has been filed as an exhibit to the registration statement of which this prospectus is a part. The units and pre-funded units we are offering are being offered by the underwriter subject to certain conditions specified in the underwriting agreement.

We have been advised by the underwriter that it proposes to offer the units and pre-funded units, as the case may be, directly to the public at the public offering prices set forth on the cover page of this prospectus. Any units and pre-funded units sold by the underwriter to securities dealers will be sold at the public offering price less a selling concession not in excess of \$ _____ per unit or pre-funded unit.

The underwriting agreement provides that the underwriter's obligation to purchase the securities we are offering is subject to conditions contained in the underwriting agreement. The underwriter is obligated to purchase and pay for all of the units and/or pre-funded units offered by this prospectus, if any of these units and/or pre-funded units are purchased, other than those shares and/or warrants and/or pre-funded warrants covered by the option to purchase additional securities described below.

No action has been taken by us or the underwriter that would permit a public offering of the units or pre-funded units in any jurisdiction where action for that purpose is required. None of the securities included in this offering may be offered or sold, directly or indirectly, nor may this prospectus or any other offering material or advertisements in connection with the offer and sales of any of the securities be distributed or published in any jurisdiction, except under circumstances that will result in compliance with the applicable rules and regulations of that jurisdiction. Persons who receive this prospectus are advised to inform themselves about and to observe any restrictions relating to this offering of units and pre-funded units and the distribution of this prospectus. This prospectus is neither an offer to sell nor a solicitation of any offer to buy the units or pre-funded units in any jurisdiction where that would not be permitted or legal.

Underwriting Discounts, Commissions and Expenses

The following table shows the public offering price, underwriting discounts and commissions and proceeds, before expenses to us. These amounts are shown assuming both no exercise and full exercise of the underwriter's option to purchase additional shares of common stock and/or warrants and/or pre-funded warrants.

	Per Unit	Per Pre-funded Unit	Total Without Option	Total With Option
Public offering price	\$	\$	\$	\$
Underwriting discounts and commissions				
Proceeds before expenses				

We have agreed to reimburse the underwriter for up to \$100,000 of its fees and expenses relating to this offering. We estimate the total expenses payable by us for this offering, excluding the underwriting discounts and commissions, to be approximately \$ _____, which includes (i) reimbursement of the accountable expenses of the underwriter equal to \$ _____, including the legal fees of the underwriter being paid by us and the costs and expenses of the "road show", and (ii) other estimated expenses of approximately \$ _____, which include legal, accounting, printing costs and various fees associated with the registration and listing of our securities sold in this offering.

In addition, we have agreed to issue to the underwriter warrants to purchase a number of shares of common stock up to 5% of the aggregate number of units sold in this offering, at an exercise price of \$ _____ per share (representing 110% of the public offering price for a share to be sold in this offering). The underwriter warrants will be exercisable beginning after the six-month anniversary of the closing of this offering and for three years thereafter. Pursuant to FINRA Rule 5110(g), the underwriter warrants and any shares issued upon exercise of the underwriter warrants shall not be sold, transferred, assigned, pledged, or hypothecated, or be the subject of

any hedging, short sale, derivative, put or call transaction that would result in the effective economic disposition of the securities by any person for a period of 180 days immediately following the later of the date of effectiveness or commencement of sales of this offering, except the transfer of any security: (i) by operation of law or by reason of our reorganization; (ii) to any FINRA member firm participating in the offering and the officers or partners thereof, if all securities so transferred remain subject to the lock-up restriction set forth above for the remainder of the time period; (iii) if the aggregate amount of our securities held by the underwriter or related persons do not exceed 1% of the securities being offered; (iv) that is beneficially owned on a pro-rata basis by all equity owners of an investment fund, provided that no participating member manages or otherwise directs investments by the fund and the participating members in the aggregate do not own more than 10% of the equity in the fund; or (v) the exercise or conversion of any security, if all securities remain subject to the lock-up restriction set forth above for the remainder of the time period.

Option to Purchase Additional Securities

We have granted to the underwriter an option, exercisable not later than 45 days after the date of this prospectus, to purchase up to an additional _____ shares of common stock and/or warrants and/or pre-funded warrants, less the underwriting discounts and commissions, set forth on the cover page of this prospectus. If any additional shares of common stock and/or common warrants and/or pre-funded warrants are purchased pursuant to such option, the underwriter will offer these securities on the same terms as those on which the securities are being offered hereby. The underwriter has informed us that it will decide on whether to exercise its option based on the then-current market conditions relative to our company's securities. If needed, the underwriter would purchase additional shares of common stock in order to stabilize this offering. Warrants and pre-funded warrants would be sourced by exercise of the underwriter's option with respect to such warrants or pre-funded warrants, as applicable. Common stock would be sourced either by exercise of the underwriter's option or in the open market. If common stock is sourced through the open market, we would not receive the proceeds from the sale of such common stock.

Right of First Refusal

We have also granted the underwriter a right of first refusal to act as sole book-running manager, sole underwriter or sole placement agent for certain future public or private equity, offerings by us for the one year period following the closing of the offering.

Lock-up Agreements

Our officers and directors have agreed with the underwriter to be subject to a lock-up period of 90 days following the date of this prospectus. This means that, during the applicable lock-up period, such persons may not offer for sale, contract to sell, sell, distribute, grant any option, right or warrant to purchase, pledge, hypothecate or otherwise dispose of, directly or indirectly, any of our shares of common stock or any securities convertible into, or exercisable or exchangeable for, shares of common stock. Certain limited transfers are permitted during the lock-up period if the transferee agrees to these lock-up restrictions. We have also agreed, in the underwriting agreement, to similar lock-up restrictions on the issuance and sale of our shares of common stock for 90 days following the closing of this offering, although we will be permitted to issue stock options or stock awards to directors, officers, employees and consultants under our existing plans. The underwriter may, in its sole discretion and without notice, waive the terms of any of these lock-up agreements.

Stabilization, Short Positions and Penalty Bids

The underwriter may engage in syndicate covering transactions, stabilizing transactions and penalty bids or purchases for the purpose of pegging, fixing or maintaining the price of our shares of common stock:

- Syndicate covering transactions involve purchases of securities in the open market after the distribution has been completed in order to cover syndicate short positions. Such a naked short position would be closed out by buying securities in the open market. A naked short position is more likely to be created if the underwriter is concerned that there could be downward pressure on the price of the securities in the open market after pricing that could adversely affect investors who purchase in the offering.
- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specific maximum.
- Penalty bids permit the underwriter to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a stabilizing or syndicate covering transaction to cover syndicate short positions.

These syndicate covering transactions, stabilizing transactions and penalty bids may have the effect of raising or maintaining the market prices of our securities or preventing or retarding a decline in the market prices of our securities. As a result, the price of our shares of common stock may be higher than the price that might otherwise exist in the open market. Neither we nor the underwriter

make any representation or prediction as to the effect that the transactions described above may have on the price of our shares of common stock. These transactions may be effected on the Nasdaq Capital Market, in the over-the-counter market or on any other trading market and, if commenced, may be discontinued at any time.

In connection with this offering, the underwriter also may engage in passive market making transactions in our shares of common stock in accordance with Regulation M during a period before the commencement of offers or sales of our shares of common stock in this offering and extending through the completion of the distribution. In general, a passive market maker must display its bid at a price not in excess of the highest independent bid for that security. However, if all independent bids are lowered below the passive market maker's bid that bid must then be lowered when specific purchase limits are exceeded. Passive market making may stabilize the market price of the securities at a level above that which might otherwise prevail in the open market and, if commenced, may be discontinued at any time.

Neither we nor the underwriter make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the prices of our securities. In addition, neither we nor the underwriter make any representation that the underwriter will engage in these transactions or that any transactions, once commenced, will not be discontinued without notice.

Indemnification

We have agreed to indemnify the underwriter against certain liabilities, including certain liabilities arising under the Securities Act, or to contribute to payments that the underwriter may be required to make for these liabilities.

Determination of Offering Price

The actual offering price of the securities we are offering will be negotiated between us and the underwriter based on the trading of our shares of common stock prior to the offering, among other things, and may be at a discount to the current market price.

Electronic Offer, Sale and Distribution of Securities

A prospectus in electronic format may be made available on the websites maintained by the underwriter, if any, participating in this offering and the underwriter may distribute prospectuses electronically. Other than the prospectus in electronic format, the information on these websites is not part of this prospectus or the registration statement of which this prospectus form a part, has not been approved or endorsed by us or the underwriter, and should not be relied upon by investors.

Other Relationships

The underwriter and its respective affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates.

Listing

Our common stock is listed on the Nasdaq Capital Market under the symbol "LMFA." We do not plan to list the warrants or pre-funded warrants on the Nasdaq Capital Market or any other securities exchange or trading market.

LEGAL MATTERS

Certain legal matters with respect to the securities offered hereby will be passed upon by Foley & Lardner LLP, Tampa, Florida. Certain other legal matters will be passed upon for the underwriter by Pryor Cashman LLP, New York, New York, in connection with this offering.

Item 14. Indemnification of Directors and Officers.

Section 102(b)(7) of the Delaware General Corporation Law (“DGCL”) enables a corporation in its certificate of incorporation to eliminate or limit the personal liability of a director for violations of the director’s fiduciary duties, except (i) for any breach of the director’s duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions pursuant to Section 174 of the DGCL or (iv) for any transaction from which a director derived an improper personal benefit. Our certificate of incorporation includes a provision that eliminates the personal liability of directors for monetary damages for actions taken as a director to the fullest extent authorized by the DGCL.

Section 145 of the DGCL provides that a corporation has the power to indemnify a director, officer, employee, or agent of the corporation and certain other persons serving at the request of the corporation for another corporation, partnership, joint venture, trust or other enterprise in a similar capacity against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding to which he was or is a party or is threatened to be made a party by reason of such position, if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, except that, in the case of actions brought by or in the right of the corporation, no indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Our certificate of incorporation and by-laws provide indemnification for our directors, officers and employees to the fullest extent authorized by the DGCL. We will indemnify each person who was or is a party or threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that he or she is or was, or has agreed to become, a director, officer or employee of the Company, or, while a director, officer or employee of the Company, is or was serving at our request as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (all such persons being referred to as an “Indemnitee”), or by reason of any action alleged to have been taken or omitted in such capacity, against all expense, liability and loss (including attorneys’ fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred by such indemnitee to the broadest extent permitted by the DGCL. Our certificate of incorporation and by-laws provide for advancement of expenses to an Indemnitee, provided that, to the extent that the DGCL requires, an advance of expenses incurred by an Indemnitee may only be made by delivery to the Company by the Indemnitee of an undertaking to repay all amounts so advanced if it is finally determined that such Indemnitee was not entitled to be indemnified by the Company. Our certificate of incorporation and by-laws also permit us to enter into agreements with any person that provide for indemnification greater or different than the indemnification provided in our certificate of incorporation or by-laws.

We have entered into separate indemnification agreements with each of our directors and executive officers. Each indemnification agreement provides, among other things, for indemnification to the fullest extent permitted by the DGCL against any and all expenses, judgments, fines, penalties, and amounts paid in settlement of any claim. The indemnification agreements provide for the advancement or payment of certain expenses to the indemnitee and for reimbursement to us if it is found that such indemnitee is not entitled to such indemnification under applicable law or the indemnification agreement.

We may choose to obtain a general liability insurance policy to protect any director, officer, employee and agent of the Company, any director, officer, employee and agent of a subsidiary of the Company, and any person serving as a director, officer, partner, member, employee or agent of another corporation, partnership, limited liability company, joint venture, trust or other enterprise against liability asserted against such person or incurred by such person in any such capacity or arising out of the person's status as such.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended (the "Securities Act") may be permitted to directors, officers, or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Item 15. Recent Sales of Unregistered Securities.

In the three years preceding the filing of this Registration Statement, we issued the securities described below that were not registered under the Securities Act (share amounts have been retroactively adjusted to reflect the Registrant's 1-for-10 reverse stock split effected October 16, 2018).

- (a) On December 11, 2017, the Registrant entered into an Exchange Agreement with ESUSA Holdings, LLC. Prior to entering into the Exchange Agreement, ESUSA Holdings acquired two of the Company's term notes having aggregate principal and interest outstanding of \$4,720,860. Pursuant to the Exchange Agreement, ESUSA Holdings exchanged the promissory notes for an aggregate of 295,318 shares of the Registrant's common stock.
- (b) The Registrant entered into a Securities Purchase Agreement on April 2, 2018, as amended and restated on July 23, 2018, with ESUSA Holdings, LLC, or ESUSA Holdings, pursuant to which the Registrant issued to ESUSA Holdings a Senior Promissory Note in the original principal amount of \$500,000 in exchange for a purchase price of \$500,000. The maturity date of the Senior Promissory Note is six months after the date of issuance (subject to acceleration upon an event of default). The Note carries a 10.5% interest rate, with accrued but unpaid interest being payable on the Note's maturity date. ESUSA Holdings was also issued pursuant to the Securities Purchase Agreement five-year warrants exercisable at the closing per share bid price on April 2, 2018, to purchase 40,000 shares of the Company's common stock.
- (c) The Registrant entered into a Common Stock Purchase Agreement on April 2, 2018, as amended and restated on July 23, 2018, with ESUSA Holdings, which provides that, upon the terms and subject to the conditions and limitations set forth in the agreement, ESUSA Holdings is committed to purchase up to an aggregate of \$5.0 million shares of the Registrant's common stock over the two-year term of the agreement.
- (d) On March 23, 2020, the Company entered into a Share Exchange Agreement, dated March 23, 2020 (the "Share Exchange Agreement"), with Hanfor (Cayman) Limited, a Cayman Islands exempted company ("Hanfor"), and BZ Industrial Limited, a British Virgin Islands business company and the sole stockholder of Hanfor ("Hanfor Owner"). In connection with the execution of the Share Exchange Agreement, the Company and Hanfor Owner entered into a Stock Purchase Agreement, dated March 23, 2020, pursuant to which Hanfor Owner agreed to purchase from Company an aggregate of 520,833 shares of Company common stock at a price of \$2.40 per share, of which 104,167 shares were purchased on March 23, 2020 and 416,666 shares were purchased within 14 days of March 23, 2020.

The offers, sales and issuances of the securities described in each of the paragraphs above were deemed to be exempt from registration under the Securities Act in reliance upon Section 4(a)(2) of the Securities Act as transactions by an issuer not involving any public offering. All of the foregoing securities are deemed restricted securities for purposes of the Securities Act. Appropriate legends were affixed to the securities issued in these transactions. Each of the recipients of securities in these transactions had adequate access, through employment, business or other relationships, to information about the Registrant.

All purchasers of securities in transactions exempt from registration pursuant to Section 4(a)(2) of the Securities Act represented to the Registrant that they were accredited investors and were acquiring the shares for investment purposes only and not with a view to, or for sale in connection with, any distribution thereof and that they could bear the risks of the investment and could hold the securities for an indefinite period of time. The purchasers received written disclosures that the securities had not been registered under the Securities Act and that any resale must be made pursuant to a registration statement or an available exemption from the registration requirements of the Securities Act.

(b) Financial Statement Schedules.

All schedules are omitted because they are not required, are not applicable, or the information is included in the financial statements or the related notes to financial statements thereto.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933 (the “Act”);
- (ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and
- (iii) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement.

Provided, however, that Paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

- (2) That, for the purpose of determining any liability under the Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Act to any purchaser:

If the registrant is subject to Rule 430C (§230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§230.430A of this chapter), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

- (5) That, for the purpose of determining liability of the registrant under the Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 (§230.424 of this chapter);
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Act, each filing of the registrant’s annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan’s annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is

incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
